

Benefit Writers is teaming with **Health Matters** to **add value** to your employee benefit plan ! At your request we can provide onsite wellness service for your employees' convenience.

Staff Wellness is the means of maintaining your most valuable resource, "**Your People**". The benefits of having healthy and productive employees is well documented. So, we invite you to allow us to help you with a **healthier bottom line** !

Schedule your flu shots Now!!! Don't gamble with getting sick. Don't be the Big Loser!

HOW ?

Simply contact **Diane Eller** or **Lauren Chambers** with **Benefit Writers** and we take it from there. Most health Plans cover preventive healthcare so there is no out of pocket expense for your employees. We merely file the claims for employees that participate. For employees without health insurance we provide our services at fees well below most other providers. Depending on your policy covered dependents may also participate.

About Health Matters

Health Matters has been serving school districts and employers in Texas since 1989. Our purpose is to help people maintain their good health and prevent disease.

We are Texas owned and operated with over fifty years experience in healthcare at all levels.

We serve large and small districts throughout Texas from the Pan Handle, North, East, West, Central Texas and the Gulf Coast.

Our services are designed to be provided on site for employee convenience.

Health Matters has also serviced corporate employers, county and state agency employees with Flu clinics and biometric screening. We are currently expanding our outreach to service more business employers both large and small with our wellness services.

Our Services

- **Influenza and other adult immunizations**
- **Confidential biometric screening to identify risk factors and undiagnosed diseases**
- **Follow up counseling for people with significant test results**
- **Consulting and hands on training in planing and implementing employee wellness programs**
